State the customer change

- [ ] Customer and situation

- [ ] What they can do today

- [ ] What this work should help them do

Bring the evidence

- [ ] Observation or recorded customer words
- [ ] Source and date
- [ ] Assumption that still needs checking

Name the boundaries

- [ ] Product area in scope

- [ ] Work deliberately outside scope

- [ ] Technical, time or policy constraint

Make previous decisions clear

- [ ] Decision that has already been made

- [ ] Reason for that decision

- [ ] What remains open to exploration

Agree on the work together

- [ ] Decision owner
- [ ] Design, product and engineering partners
- [ ] Customer access available

Set the first check

- [ ] Question to answer before committing

- [ ] Smallest useful prototype or investigation

- [ ] Evidence, next action, owner and date
